EMS INSTRUCTOR METHODOLOGY

Instructor Methodology is a course designed for students in the emergency field who wish to instruct others. This course focuses on:

- Instructor roles and responsibilities
- Legal issues
- The adult learner
- Creating an effective learning environment
- Evaluation
- How to use a variety of media
- And more!

By taking this course, the learner will develop skills to provide quality instruction to EMS providers in Pennsylvania!

In order to take this course, you must:

- Provide proof that you are at least 18 years of age
- Possess a current CPR card or be a current CPR Instructor
- Possess EMT or higher level EMS provider certification
- Have at least one year experience as an EMT or higher level provider
- Supply a letter of recommendation from a PA DOH Accredited Training Institute Director/Administrator

Come join us for this exciting course! Register today, spots are limited.
